Dear Parent or Carer

New Developments Supporting Maths at Hopton

Maths provides all children with a crucial set of skills that will help them in every aspect of their lives and we would like to start a programme to promote maths both in school and at home. As such, there are a number of ways we would like to support you in helping your child develop their maths confidence this term.

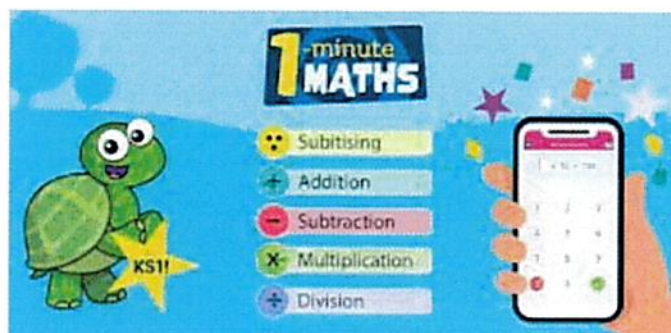

We know that many parents sometimes find it challenging to support any homework as they are unsure as to the methods we now use.

At Hopton we follow White Rose Maths. You can view some of the methods we use in a series of videos called 'Maths with Michael'

<https://whiterosemaths.com/maths-with-michael>

There is also a new free app by White Rose that can be installed on any Android, Apple Device or Kindle called 1 Minute Maths. This is aimed at KS1 children but it is useful for any child wishing to practice their addition, subtraction, multiplication and division facts. It is really easy to install, free to use and fun!

<https://whiterosemaths.com/resources/1-minute-maths>

We would also like to invite you to 2 parent workshops to demonstrate the methods used in KS1 and KS2. These will be hands on sessions that you can do with your child so you can see the representations we use and the types of questioning we use in the mastery approach we have adopted throughout school.

KS1 Session	Monday 13 th June 9.15am-10.15am
KS2 Session	Wednesday 15 th June 9.15am-10.15am

Yours faithfully,

Mr Blakeley - Head teacher

Mrs Etheridge - Curriculum coordinator

Yes I would like to attend the following: (please tick)

KS1 parent workshop

Monday 13th June 9.15am – 10.15am

My child's name _____ Class _____

My child's name _____ Class _____

KS2 parent workshop

Wednesday 15th June 9.15am – 10.15am

My child's name _____ Class _____

My child's name _____ Class _____

Parent/Carer name: _____
