Can you find the  $\pm$  calculations for a set of three numbers?

M2.7, M.9, M.10, M2.11

7 $\pm$ 11	$4+7=11$ $11-7=4$	$7+4=11$ $11-4=7$
3   9   6		
9   14   5		
15   5   10		
70   30   40		
40   90   50		

These are harder! Think about the pattern

35 7 42	
56 8 64	
200 40 160	
160 50 210	

Mark with your calculator to see if you are right!
