

**Hello children,**

My name is Pawston Bear. I live by the seaside and one of my favourite things to do is watch the boats sailing on the sea.

I would love to have a little boat so that I could go sailing on the sea. I tried to use paper to make a little boat but it got soaky and sank. I've heard that you all have lots of ideas, so I'm hoping you can help me. Please can you make me a little boat so that I can sail on the sea? It needs to be waterproof but I'm not sure what I could use to make it or how to make it float – I don't want to get wet!

Thank you for helping me. I look forward to seeing your boats. I hope I can go sailing soon!
