

To the Parents /Carers of F2 children,

Each half term you will receive a copy of your child's targets. These are small identified areas of learning that your child needs to develop. Each child has a target for Literacy, one for Mathematics and another which is specific to your child.

It is expected that all children know at least one target that they are working on in order to tell anybody that may ask about their targets in school. For example; if Mr Blakeley came in to class, he may ask what targets the children are working on.

At the end of each half term, children's progress against their targets is assessed. If children achieve all three targets they receive a small prize.

If targets are not achieved, they are carried over to the next half term. Any targets that are achieved are replaced with a new target.

It would be much appreciated if you can help your child practise work related to their targets at home.

Thank you for your support,

Katrina Bates
