NOTES: NCETM encourages teaching numbers from 20-100 (1.8 + 1.9 NCETM SPR 2, SUM 1 and SUM 4) before learning the 11-20 teen numbers (1.10 NCETM AUT 4) which is different to the White Rose planning. This should be considered when planning. 'This segment will give children a sense of the regularity of number naming up to 100 before they begin to work on irregularly named teen numbers'. **However**, TP 1.9 will need tailoring as to not include numbers 11-20
