

French at Hopton Primary School

It is our intent at Hopton Primary School to provide all our children with a high-quality education in MFL (French) that is engaging and enjoyable, and endeavour to stimulate the children's curiosity about language.

We strive to embed the skills of speaking, listening, reading and writing necessary to enable children to use and apply their French learning in a variety of contexts, and lay the foundations for future language learning. Children learn in a way that is interactive and stimulating. We encourage children's confidence in speaking and listening, and develop their awareness of cultural differences by comparing and contrasting the UK and France.

Our MFL curriculum is designed to progressively develop skills in French, through regular taught lessons. Children progressively acquire, use and apply a growing bank of vocabulary organised around topics. The children access a variety of topics to ensure coverage and progression across school. All our children in KS2 will have regular language lessons.
