Online Safety Newsletter

Issue 4

Dear Parent or Carer

On-Line (E-Safety) Questionnaire

As part of the school's safeguarding policy we regularly work with the children on online/e-safety issues. Over the course of this half term I have talked about this on a number of occasions in assembly.

As you know we also send out online safety newsletters, using support from 'E-Safety Support'. I would now like to find out how much you know about this crucial area, and if appropriate to set up a training event for parents.

The last information sent to you was an eye opener for lots of us, especially around the codes used by children and others when texting sexting.

I would be grateful if you could complete the questionnaire and send it into school. If we have enough wanting a training session, I will then put one on, if not then I will try to send out information related to specific questions.
