Letter to Parents/Carers of KS2 children

Dear Parent/Carer

KS2 Times Tables Rock Stars

School has purchased a new online learning platform to support the children with their times tables in maths. We will be using the program in school, as part of maths lessons.

The program is called "Times Tables Rock Stars". Children are given the opportunity to practise their times tables in timed games, enter competitions with other children and schools and also complete tasks set by their class teacher.

At home you can download the app TTRockstars on any mobile device or tablet, free of charge, and log on using their individual user name and password attached to the letter. The app can be used online or offline.

We feel this resource will provide the children with an excellent opportunity to practise and become confident at a lifelong skill and be able to apply this learning to different areas of the maths curriculum.

If you have any questions, please contact myself or any of the KS2 Team.

Yours sincerely

Andy Blakeley
